	<b>(Principal Investigator)</b>	\$650,000
	<i>New Orleans Youth Equity Coalition: A Research Practice Partnership to Reduce Youth Violence</i>	
	Our long-term goals for this project are to: 1) develop a strong, and robust research practice partnership between the Tulane Violence Prevention Institute, Nola Public Schools, and the Center for Restorative Approaches, and 2) develop a joint research agenda to inform the development of an evidence-based restorative model for youth violence prevention in schools.	
07/01/2024—06/31/2026	<b>Pincus Family Foundation (Principal Investigator)</b>	\$592,710
	<i>Pincus Violence Prevention Scholars Program</i>	

This award is to develop an innovative community engaged research fellowship program focused on building community partner capacity and training the next generations of researchers focused on childhood violence prevention.

01/01/2024-12/31/2028 **DOJ 15PNIJ-23-GG-04267-CVIP (Principal Investigator)** \$1,250,000  
*Evaluation of a Healing-Centered Community-Wide Approach to Addressing Firearm Violence in New Orleans*

The purpose of the proposed research is to evaluate the development and implementation process and conduct a quasi-experimental study to assess system change and the impact of a community-based, healing-centered gun violence intervention in decreasing rates of non-fatal and fatal firearm violence in New Orleans.

08/01/2024-07/30/2025 **Educare New Orleans (Principal Investigator)** \$65,000  
*Evaluation of Educare, Early Childhood Center*

The goal of this study is to evaluate the effectiveness of the Educare New Orleans program in improving child and family outcomes.

09/30/2021-09/29/2026 **CDC U01 CE003384-01 (Research Component 2 Principal Investigator)** \$2,026,091

Tulane University Violence Prevention Institute, Center for Youth Equity. Katherine Theall, PI.  
*Research Component 2: Preventing Youth Firearm Violence in New Orleans: A Hospital-Initiated Approach*

The objective of this study is to test the efficacy of a hospital-initiated, community-integrated intervention in reducing rates of gun violence amongst youth.

07/01/2018 – 06/30/2026 **NIH R01 HD093665 (Co-Principal Investigator)** \$3,033,152  
*Longitudinal follow-up of brief parenting interventions to reduce risk of child physical maltreatment in a selected population*

The objective of this study is to test the sustained effects of two brief, widely adaptable interventions in reducing risk for child physical maltreatment and to examine how social contexts influence their adoption and sustained effects.

## **B. Completed Grants and Contracts**

07/01/2022—06/31/2024 **Pincus Family Foundation (Principal Investigator)** \$592,710  
*Pincus Violence Prevention Scholars Program*

This award is to develop an innovative community engaged research fellowship program focused on building community partner capacity and training the next generations of researchers focused on childhood violence prevention.

02/01/2022-01/31/2023 **Baptist Community Ministries and Forward Together New Orleans (Principal Investigator)** \$155,160

*Development of the New Orleans Gun Violence Policy Lab*

This pilot grant establishes an integrated university-city government partnership to develop

innovative research on the etiology of urban gun violence that will directly translate to informing city-wide programs and policies.
